I think we will give updated guidance this week on the work group call (though I'm not sure what that will be at this point).

Hi All,

You are listed in the ADP Tracker as official workgroup members of the Tier 1 NPRM for SAN 5719.8 (RIN 2060-AT54) titled, "Oil and Natural Gas Sector: Emission Standards for New, Reconstructed and Modified Sources Reconsideration." I am also CC'ing additional team members. (See attached for full team list.) Per recent direction from OAQPS management, we were asked to convene this workgroup. Shortly, you will see a workgroup kickoff meeting invitation from me. Please note, that I am about to go on extended leave from November 15, 2017 through March 2018. During this time, my colleague, Lisa Thompson will be serving as my backup. While I am setting everything up to kick this group off, you can expect to see correspondence from Lisa, and I'll look forward to jumping back in come springtime.

Please see the below agenda and materials for the Workgroup Kickoff meeting. ***Please do not distribute these materials outside of the Agency.***

Thank you,

Amy
